Executive Leadership Team (ELT)

Andrew Bills - Chief Executive Officer

Andrew has over 25 years' experience in the energy industry across the public and private sectors, covering power generation, retail supply, distribution, LPG and energy trading, most recently as CEO at CS Energy, a large Queensland based generation company.

Andrew's previous roles include executive roles at Origin Energy, Babcock and Brown Power, Stanwell Corporation and as a Director at PwC. Andrew holds an MBA, BA and is a Graduate of the Australian Institute of Company Directors.

Jessica Morris - Chief Customer Officer

Jess has over 15 years' experience in the energy industry, applying her strategic communications, community building and stakeholder engagement skills, to deeply understand customer perspectives on energy. Prior to joining the industry, Jess worked in diverse fields in both private and government sectors. She is passionate about working collaboratively with stakeholders across the supply chain to enable a renewable energy transition that improves outcomes for all customers.

Jess has a BA (Hons) and a Graduate Diploma in Communications.

Scott Gillen - Chief Financial Officer

Scott joined SA Power Networks in November 2020. He has over 20 years' experience in finance leadership roles across practice and industry.

Scott commenced his career with PwC, which included three years with PwC in London. Since leaving PwC, Scott has held senior finance roles with several large ASX listed and privately held multinationals.

Scott is a Chartered Accountant and holds a Bachelor of Commerce.

Mark Vincent - Chief Operating Officer

Mark has more than 35 years' experience in the energy industry and has been engaged in many areas within the electrical sector, including Regulation, Operations Management, Asset Management and Business Transformation. Mark is currently charged with developing SA Power Networks' strategy to deal with the opportunities arising from customers' continued take-up of distributed energy resources, and the increasing challenges and risks posed by SA's ageing network infrastructure. The strategy is seeking to support the State's transition to a decentralised, decarbonised energy system, while continuing to deliver a safe, reliable and affordable distribution service.

Mark holds a degree in Electronic Engineering and several post-graduate qualifications. He is also a Director, and Chairs the Corporate Governance Committee of the Electricity Industry Superannuation Scheme (SA) and sits on the Energy Industry Roundtable, providing advice to the Federal Government on energy policy.

Executive Leadership Team (ELT)

Richard Amato - Chief Executive Officer Enerven

Richard has more than 20 years' experience in construction, wine, manufacturing and energy industries, both in the public and private sectors. He is responsible for SA Power Networks' wholly-owned subsidiary Enerven, which provides electrical and telecommunication infrastructure across the National Market.

Richard is a Fellow Certified Practicing Accountant and holds a degree in Accounting and a Master of Business Administration. He is also a Graduate of the Australian Institute of Company Directors and has completed the Advanced Management Program at Harvard University.

Sam Bradley - Chief People Officer

Sam has more than 20 years' experience in senior HR and organisational development roles across the public and private sectors, most recently as Group Executive, People & Culture at Beach Energy.

She has significant energy industry experience and has successfully led multiple cultural transformation and organisation design projects. Sam is passionate about building a strong, resilient corporate culture, partnering with leaders to develop and implement programs to engage employees, enhance performance and contribute to sustained organisational success.

Sam has a Bachelor of Business and holds a Certificate in Executive Leadership from UNSW's Australian Graduate School of Management.

Dr Eva Balan-Vnuk - Chief Digital Officer

Eva joined SA Power Networks in March 2025 after seven years as SA Government's Chief Information Officer, ensuring the resilient and secure delivery of critical whole of government services, including cyber security, technology infrastructure and digital community services.

Prior to SA Government, Eva worked for Microsoft in Europe, Asia and Australia, including State Director for Microsoft South Australia and National Skills Lead. Eva has a PhD in innovation and entrepreneurship from the University of Adelaide, and is Founder and Director of HerTechPath Limited, a grass-roots social enterprise she established in 2016, dedicated to celebrating and inspiring careers for women and girls in tech cyber and STEM. Eva also contributes as a Director for Novita that provides services to people living with a disability, and she is a Trustee of the History Trust of South Australia.

Amanda Devonish - Chief Legal & Risk Officer

Amanda has more than 20 years' experience in corporate and commercial legal practice in Australia and the Middle East in both private practice and in house roles, including over 14 years in the energy industry in roles at Epic Energy and Santos. Joining SA Power Networks in September 2026, Amanda leads the legal, risk and governance function and holds the position of Company Secretary.

Amanda's qualifications include a Bachelor of Commerce and a Bachelor of Laws and she is a Graduate of the Australian Institute of Company Directors.

Executive Leadership Team (ELT)

Ben Birch - Chief Strategy Officer

Ben has more 20 years' energy industry experience in Australia and the UK across a range of strategy, commercial, corporate development, innovation, project delivery and transformation leadership roles. Ben is responsible for leading SA Power Networks' Strategy department which includes, corporate strategy, sustainability, investment, AI and data strategy and governance, innovation, and growth functions, chartered with ensuring the business continues to enable South Australia's transition to a decentralised, reliable, decarbonised energy system.

Ben holds a degree in Commerce, a Master of Business Administration, is a fellow of the Leadership Institute of South Australia and is a graduate of the Australian Institute of Company Directors.
